

polygon_rotate

```
graph LR; A[polygon_rotate] --> B[polygon_center]; A --> C[polygon_translate];
```

The diagram consists of three rectangular boxes. On the left is a gray box with a black border containing the text 'polygon_rotate'. To its right are two white boxes with black borders. The top white box contains 'polygon_center' and has a thick red border. The bottom white box contains 'polygon_translate'. Two dark blue arrows originate from the right side of the gray box. The top arrow points to the left side of the 'polygon_center' box, and the bottom arrow points to the left side of the 'polygon_translate' box.
